Core Competencies:

Kirwan Surgical Products is an industry leader in electrosurgical instruments and non-stick bipolar products. By manufacturing on-site, we can build orders customized to our customers' needs.

- Dedicated to creating and developing superior products for demanding microsurgical specialties.
- Continually pursue patents on groundbreaking product designs and manufacturing techniques.
- Able to manage unique needs in a timely manner.
- Comprehensive in-house regulatory fulfillment.

Differentiators:

- Kirwan's mission is to provide innovative high-quality products at competitive prices.
- American-made forceps.
- Dedicated local representatives able to personally manage customer needs.
- All production/manufacturing done in-house.

Corporate Experience:

Kirwan is capable of handling large quantity government tenders and is willing to hold safety stock based on forecast. Kirwan has been filling government purchase orders for over 20 years.

Company Data:

Kirwan Surgical is family owned and operated. We have been developing and manufacturing American-made, electro-surgical specialty instruments for various surgical indications since 1979.
